2027 Enrolment Package

Planning for 2027 is officially underway at Maleny Performing Arts Centre.

This enrolment guide includes everything families need to prepare for the new year, including our 2027 programs, fees, enrolment process, important dates and studio information.

Returning and new students are encouraged to review the timetable and program options carefully before completing their enrolment.

We're looking forward to another exciting year of dancing, growth and performance at MPAC.

PROGRAM OVERVIEW

MPAC offers a range of programs designed to support dancers at every stage, from their very first class through to senior training and adult movement.

In 2027, our school-age programs use a broader full program training model, combining complementary dance styles into structured classes. This approach allows students to experience a wider range of movement while developing strong, transferable foundations in technique, musicality, strength, flexibility, confidence and performance.

Students may enrol in individual classes; however, **Full Program enrolment is encouraged for dancers wanting the broadest and most well-rounded weekly training experience.**

Guardian and Mini- A gentle introduction to dance for our youngest students alongside a parent or guardian. Class focus on movement, music, coordination, confidence and creating a positive first experience in the studio.

Minis- Designed for young dancers ready to participate independently, with a focus on foundational dance skills, musicality, coordination, creativity and confidence in a fun and supportive environment.

Juniors- Our Junior Program introduces dancers to a broad range of styles through two complementary classes: **Technique (Ballet, Jazz & Tap)** and **Spotlight (Acro & Hip Hop)**. The full 90-minute program develops strong foundations while keeping training varied, engaging and age appropriate.

Primary- Our Primary Program builds on foundational training with greater focus on technique, strength, flexibility, musicality and versatility. Students can train across **Technique (Ballet & Jazz)** and **Spotlight (Acro, Hip Hop & Contemporary)**, with the full 2-hour program offering a well-rounded weekly training experience.

Teens & Seniors- Designed for older dancers ready for more advanced and versatile training. The Teen/Senior Program includes **Technique (Ballet & Jazz)**, **Spotlight (Acro & Contemporary)** and **Performance (Hip Hop & Latin)**. The full 2.5-hour program supports dancers in developing strong technique, movement quality, versatility, confidence and performance ability.

Homeschool- A daytime dance and movement program created for homeschool families, offering structured training, creativity and social connection during school hours.

MPAC Kinder Outreach- Little Movers is MPAC's outreach program for young children, delivered through short, themed movement and dance blocks. Designed to introduce children to music, movement, coordination and creativity in a playful, age-appropriate way, Little Movers operates separately from MPAC's regular studio programs.
